WORK EXPERIENCE

Registered Behavior Technician

April 2022 - Present

Action Behavior Centers • Austin, Tx.

- Collected, entered and maintained structured behavior data using *CentralReach* for analysis of patient progress.
- Collaborated with BCBAs to analyze visual data graphs (e.g., trends in patients' behaviors) and identify data-driven treatment adjustments.
- Communicated data-driven insights to both technical and non-technical stakeholders, including therapists and families, to support intervention planning.

Registered Behavior Technician

November 2021 – April 2022

Positive Behavior Support Corp. • Austin, Tx.

- Reviewed and implemented behavior plans to enhance clients' autonomy and quality of life.
- Maintained accurate data documentation for behavioral analysis.
- Conveyed openly with team members to secure desired outcomes.

Spanish Research Assistant

January 2020 – May 2020

Project SEED at The University of Texas at Austin • Austin, Tx

- Conducted research on bilingual children's social, emotional and educational development.
- Transcribed and translated interviews; improved accuracy and attention to detail in bilingual documentation.
- Collected biological samples (saliva, blood spots, and hair) alongside survey and observational data.
- Supported a transition to digital tools such as REDCap and Slack to streamline data collection and team communication.
